WHERE THE PAST

The “cultural” momentum

Education and culture are the key to the future – both for the individual as well as for our Union as a whole.

*It is how we turn circumstance into opportunity, how we turn mirrors into windows and how we give **roots** to what it means to be 'European', in all its diversity.... we must seize the opportunity and make sure education and culture are the **drivers for job creation, economic growth, social fairness and ultimately unity.***

(President Juncker, 14 November 2017)
